

How to burn an Audio CD or MP3 CD so that you can listen to it on your car

Since most of us have an iPhone, so you should have **iTunes** installed on your computer, if not you can download and install **iTunes** from <http://www.apple.com/itunes/> for free, and now you want those songs, bài Thuyết Pháp, Kinh Giảng, Kinh Tụng) that already on your **iTunes** to be on a CD (**Audio CD** or **MP3 CD**) so that you can listen to it on your car while driving on a long trip or stuck on the traffic. Here is the instruction to show you how:

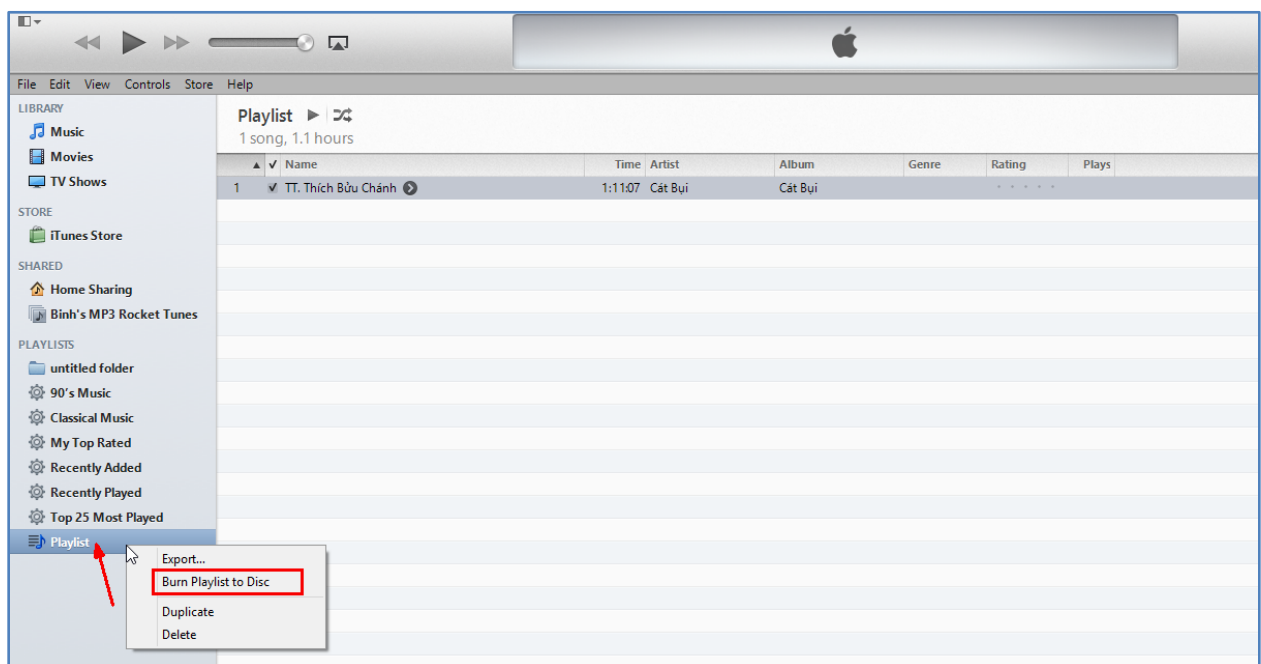

- 1) Right click on the song(s) then select **"Add to Playlist"** – you can do multi-select of multiple songs by holding the **Ctrl** key while making selections.

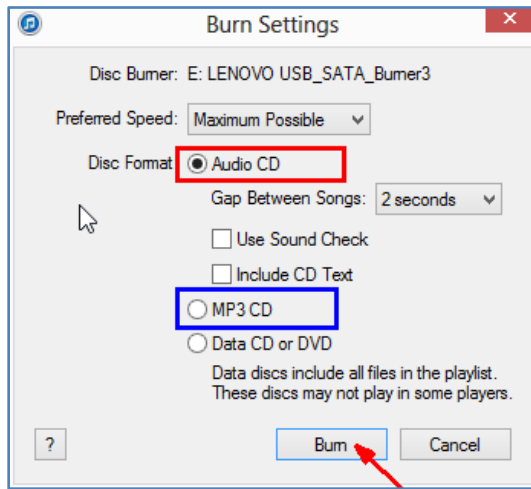

- 2) Go to the **Playlist**, you should see the list of songs you just selected.
 - a. If you are planning to make an **Audio CD**, making sure that **total playing times** is not exceed the CD capacity (usually 80 min)
 - b. If you are planning to make an **MP3 CD** (some of the new car CD player is capable to play MP3 CD) making sure that **total size** is not exceed the CD capacity (usually 700 MB).

- 3) Insert a blank CD into the CD/DVD burner.
- 4) **Right click** on the **Playlist** and select **Burn Playlist to Disc**.

5) Choose what kind of CD you want to burn (**Audio CD** or **MP3 CD**), then click on the **Burn** button.

Good Luck and Enjoy!
